### Chapter 1: Operator Online

Level up dev skills as a new Operator in the TwilioQuest program. Talk to Cedric for help!

Spacebar

Cedric

I recommend that you **undertake training missions using the virtual reality pods** on the starboard (right-hand) side of the ship. Walk up to one of the pods and press the **spacebar**. Then, use the **Mission Computer** to select a training exercise. These skills will be of great use to you when the Fog Owl is fully operational, and we can join the struggle against the **Legacy Systems**.
